 CARDINAL. Dark red, translucent, crinkled leaves. Low growing. Leafy. Best coloring shows where strong light is provided, but not enough to burn leaves.

.....AND OTHERS, including STRAP-LEAVED varieties.

R. W. LONGABAUGH

EDGEWATER CALADIUMS of Sebring, Fla.

.....OUR CALADIUM PRICES ARE SET BY THESE FACTORS.....

HIGH STANDARDS OF QUALITY are assured by having bulbs properly cured in a modern, concrete-block packing house, under conditions of controlled temperature and ventilation.

ALL BULBS ARE INSPECTED AND CERTIFIED by the Florida State Plant Board to be disease-free.

EXTRA BULBS ARE ADDED to the count as a bonus.

GRADING IS HEAVY. Our #2 grade is now  $1\frac{1}{4}$ - $1\frac{1}{2}$  in. dia. Jumbo is now  $2\frac{1}{2}$ - $3\frac{1}{2}$  & UP.

EACH BULB IS CHECKED for soundness and condition before being carefully packed.

CAREFUL PACKING, to withstand extremes in temperatures, and also breakage enroute, assures safe arrival to you. We use light, dry wood shavings as packing material, free from weevils and other insect pests which are often found in some packing materials.

OUR MIXTURES ARE HAND-SELECTED and are balanced as to color grouping and contain some 35-40 varieties (at peak supply)...one third whites, unless otherwise specified by you. And.....our mixtures do not contain any dull, non-descript discards. To insure a well balanced variety range, even well after our separate varieties become more limited in selection, we include a portion of a field-grown mixture, which consists of all the separate varieties we grow as well as a few we do not raise separately (over 50 varieties in all).

OUR LIST OF VARIETIES has been built on our customers' requirements. We drop any varieties that have not proven their worth. We have found some to be "old reliable" favorites of long standing. We have all these plus newer introductions, each year, as they prove to be good vivid, salable varieties with lasting qualities.

If you want any variety not shown on our stock list, please list such with your order. Thru an exclusive arrangement with a hybridizer-grower, we can purchase most any variety you may want and include same in your order with us at our prices, thus saving you time and money on separate orders and possible volume discounts.

WE GUARANTEE SATISFACTION! We are proud of the long list of satisfied customers we have built up over a period of years. If at any time you are not pleased with our bulbs, our packing, or our service, PLEASE let your complaints be known to us. We will make good to the full extent, plus an additional adjustment to compensate for any inconvenience it may have caused you.
